MEDIA RELEASE

Business Activation Fund

The Coonamble Shire Council Business Activation Fund was established in 2023 to encourage small business growth and investment across the Shire. The program aims to support the development and expansion of businesses in the urban areas of Coonamble, Gulargambone and Quambone by providing financial assistance to eligible enterprises that meet the program's criteria.

During the June funding round, two businesses successfully secured funding through the program: 4Barrels Firearms and Gulargambone Bowling Club. Both applicants met the eligibility requirements and have been awarded funding to support their business initiatives.

Council's Community Strategic Plan 2025-2035 has the goal that *"we support a resilient local economy by increasing its diversity and boosting opportunities for entrepreneurship and business."*

Congratulations to both of these business

Greg Hill
